This exam preparation guide provides extra support for students studying for their Business Management for the IB Diploma examination, for first teaching in 2014. Case studies and structured questions provide opportunities to practise and assess progress, which helps to build students' confidence. In addition, a focus on numeracy skills gives extra support with this particular aspect of the course. The resource encourages students to think critically and strategically about organisational behaviour. Answers to the exam preparation guide questions are online.

This brand new textbook covers all of the core topics found on Introduction to Management modules, and the author's clear, accessible writing style guides students through the world of management. The book also goes a step further to encourage students to develop a critical mindset and think about academic debates around the subject. Innovative Skillsets linked to each substantive chapter integrate practical skills with the topics. Skills such as time management, critical analysis, referencing, personal development planning and reviewing literature are included. Clear, step-by-step guidance helps students develop each skill, understand why it is important, and see how the topic is relevant to practical applications in the real world of business. A truly international range of case studies broadens students' horizons and encourages them to look beyond the standard examples from the UK and America. Emerging markets are becoming ever more important in the rapidly changing business environment, a fact reflected by the inclusion of case studies from the Middle East, Latin America and Africa. Key featuresDesigned to help boost students' academic grades and employability through the provision of integrated Skillsets, which link practical skills with topics in the textbook. These innovative features also clearly demonstrate the relevance of the theoretical material to the real world.A truly international range of case studies broadens students' horizons and encourages them to look beyond the standard set of UK and American examples. Emerging economies are given more attention with detailed analysis of case studies from the Middle East, Latin America and Africa.Case studies analyse service and manufacturing industries, not-for-profit organisations as well as public and private companies. Entrepreneurs, managers and leaders are also covered to provide students with management insights from key practitioners from a range of sectors.Critical reflection boxes encourage students to develop a critical mindset and consider the academic debates behind the theories.A range of online resources to give students more insight into management. Detailed podcast interviews with practitioners expand upon the features in the textbook, and a library of video links offers a variety of contemporary and stimulating material to engage students.
