Danchev, A. (2012) Cezanne: A Life. New York: Pantheon. Danchev, A. (2012) Cezanne: A Life. London: Profile. Today Cezanne ' s reputation is monumental: he is the visionary who changed the course of European art. But in his own lifetime Cezanne was misunderstood, marginalized by the art world and dismissed as an eccentric.

Today we view Cézanne as a monumental figure, but during his lifetime (1839-1906), many did not understand him or his work. With brilliant insight, drawing on a vast range of primary sources, Alex Danchev tells the story of an artist who was never accepted into the official Salon: he was considered a revolutionary at best and a barbarian at worst, whose paintings were unfinished, distorted and strange. His work sold to no one outside his immediate circle until his late thirties, and he maintained that 'to paint from nature is not to copy an object; it is to represent its sensations' - a belief way ahead of his time, with stunning implications that became the obsession of many other artists and writers, from Matisse and Braque to Rilke and Gertrude Stein. Beginning with the restless teenager from Aix who was best friends with Emile Zola at school, Danchev carries us through the trials of a painter tormented by self-doubt, who always remained an outsider, both of society and the bustle of the art world. Cézanne: A Life delivers not only the fascinating days and years of the visionary who would 'astonish Paris with an apple', with interludes analysing his self-portraits - but also a complete assessment of Cézanne's ongoing influence through artistic imaginations in our own time. He is, as this life shows, a cultural icon comparable to Marx or Freud.

With 32-pages of full-color inserts, and black-and-white illustrations throughout. Alex Danchev gives us the first comprehensive assessment of the revolutionary work and restless life of Paul Cézanne to be published in decades. One of the most influential painters of his time and beyond, Cézanne was the exemplary artist-creator of the modern age who changed the way we see the world. With brisk intellect, rich documentation, and eighty-eight color and fifty-two black-and-white illustrations, Danchev tells the story of an artist who was originally considered a madman, a barbarian, and a sociopath. Beginning with the unsettled teenager in Aix, Danchev takes us through the trials of a painter who believed that art must be an expression of temperament but was tormented by self-doubt, who was rejected by the Salon for forty years, who sold nothing outside his immediate circle until his thirties, who had a family that he kept secret from his father until his forties, who had his first exhibition at the age of fifty-six—but who fiercely maintained his revolutionary beliefs. Danchev shows us how the beliefs Cézanne held and the life he led became the obsession and inspiration of artists, writers, poets, and philosophers from Henri Matisse and Pablo Picasso to Samuel Beckett and Allen Ginsberg. A special feature of the book is a remarkable series of Cézanne ' s self-portraits, reproduced in full color. Cézanne is not only the fascinating life of a visionary artist and extraordinary human being but also a searching assessment of his ongoing influence in the artistic imagination of our time. A stunning portrait of a monumentally important artist, this is a biography not to be missed.

An assessment of the life and work of Paul Cézanne offers insight into his views about an artist's role and his self-doubt about his own capabilities, demonstrating how his beliefs revolutionized the ways subsequent artists would see and depict the world.

Today we view Czanne as a monumental figure, but during his lifetime (1839-1906), many did not understand him or his work. With brilliant insight, drawing on a vast range of primary sources, Alex Danchev tells the story of an artist who was never accepted into the official Salon: he was considered a revolutionary at best and a barbarian at worst, whose paintings were unfinished, distorted and strange. Czanne: A Life delivers not only the fascinating days and years of the visionary who would 'astonish Paris with an apple', with interludes analysing his self-portraits, but also a complete assessment of Czanne's ongoing influence through artistic imaginations in our own time. He is, as this life shows, a cultural icon comparable to Monet or Toulouse.

Revered and misunderstood by his peers and lauded by later generations as the father of modern art, Paul Cézanne (1839-1906) has long been a subject of fascination for artists and art lovers, writers, poets, and philosophers. His life was a ceaseless artistic quest, and he channeled much of his wide-ranging intellect and ferocious wit into his letters. Punctuated by exasperated theorizing and philosophical reflection, outbursts of creative ecstasy and melancholic confession, the artist ' s correspondence reveals both the heroic and all-too-human qualities of a man who is indisputably among the pantheon of all-time greats. This new translation of Cézanne ' s letters includes more than twenty that were previously unpublished and reproduces the sketches and caricatures with which Cézanne occasionally illustrated his words. The letters shed light on some of the key artistic relationships of the modern period—about one third of Cézanne ' s more than 250 letters are to his boyhood companion Emile Zola, and he communicated extensively with Camille Pissarro and the dealer Ambroise Vollard. The translation is richly annotated with explanatory notes, and, for the first time, the letters are cross-referenced to the current catalogue raisonné. Numerous inaccuracies and archaisms in the previous English edition of the letters are corrected, and many intriguing passages that were unaccountably omitted have been restored. The result is a publishing landmark that ably conveys Cézanne ' s intricacy of expression.

Together with Picasso and Matisse, Georges Braque is unquestionably one of the three great pillars of twentieth-century art. Here is the first full-length biography of this remarkable figure. A pioneer of modern art and founder of Cubism, Georges Braque was a creative genius and tireless innovator, constantly pushing back the boundaries of the possible. In this magisterial work, Alex Danchev taps a wide range of new sources to reveal the heart and mind of one who helped usher in the greatest revolution in the ways of seeing since the Renaissance and changed the face of modern art.

A major new study of the portraiture of one of the most important artists of the nineteenth century Paul Cézanne (1839–1906) may be best known for his landscapes, but he also painted some 160 portraits throughout his exceptional career. This major work establishes portraiture as an essential practice for Cézanne, from his earliest self-portraits in the 1860s; to his famous depictions of figures including his wife Hortense Fiquet, the writer Emile Zola, and the art dealer Ambroise Vollard; and concluding with a poignant series of portraits of his gardener Vallier, made shortly before Cézanne ' s death. Featured essays by leading experts explore the special pictorial and thematic characteristics of Cézanne ' s portraits. The authors address the artist ' s creation of complementary pairs and multiple versions of the same subject, as well as the role of self-portraiture for Cézanne. They investigate the chronological evolution of his portrait work, with an examination of the changes that occurred within his artistic style and method, and in his understanding of resemblance and identity. They also consider the extent to which particular sitters influenced the characteristics and development of Cézanne ' s practice. Beautifully illustrated with works of art drawn from public and private collections around the world, Cézanne Portraits presents an astonishingly broad range of images that reveal the most personal and human qualities of this remarkable artist. Exhibition Schedule: Musée d ' Orsay, Paris (June 13 to September 24, 2017) National Portrait Gallery, London (October 26, 2017 to February 11, 2018) National Gallery of Art, Washington (March 25 to July 1, 2018)

This book gathers the commentary of people who knew the painter Paul Cezanne, especially in his later years. Now seen as one of the most influential of modern painters, in his 40s he returned to his village of Aix-en-Provence where, he worked in near obscurity and with great dedication until his death in 1906.

"Cézanne, Murder and Modern Life changes the way we think about—and see—Cézanne ' s entire oeuvre. Dombrowski ' s arguments are convincing and bold, especially on the theme of murder as a vehicle for representation. Modern Olympia has never before been so satisfactorily analyzed." Susan Sidlauskus, Rutgers University, author of Cezanne's Other: The Portraits of Hortense " Exciting and intelligent, Cézanne, Murder, and Modern Life will be important for modernists, and essential for scholars of Cézanne, early Impressionism, and painting in the 1860s. Dombrowski shows us a Cézanne we did not know. " Nancy Locke, author of Manet and the Family Romance

René Magritte's surreal sensibility, deadpan melodrama, and fine-tuned outrageousness have all become inescapably part of our times. But these groundbreaking subversions all came from a middle-class Belgian gent, who kept a modest house in a Brussels suburb and whose first one-man show sold absolutely nothing. Through a deep examination of Magritte's friendships and his artistic development, Alex Danchev explores the path of an highly unconventional artist who posed profound questions about the relationship between image and reality, challenged the very nature of authenticity and whose influence can be seen in the work of everyone from Jasper Johns to Beyoncé.
