Chicktime is a grass-roots movement meant to support and encourage women pursuing their passions with gusto. It is our belief that if each woman on the planet takes her place right now, together we can accomplish the phenomenal. We help passionate women set up Chicktime groups in their areas with the hope of creating a network of chapters across America. Chicktime groups accomplish many things. Here are a few: 1. Connect women to creative and fun opportunities to pursue their passions while serving others; 2. Provide a place for women to serve and play together; 3. Raise awareness for local women and children's charities. The idea is to expose the next generation to a wide array of gifts and talents so that they can look inside themselves and identify their own.

God has gifted women with beautiful and unique calls on their lives. Unfortunately, many never step into their roles because of doubt, discrimination, fear, and insecurity. But in a world fraught with gender and relationship issues, the gifts and voices of women are needed more than ever. In this fully revised and updated edition of her breakthrough book, Women of Destiny, bestselling author and speaker Cindy Jacobs reveals the biblical foundation for women in ministry and leadership. Through sharing her own story, successes, and failures, she speaks to the doubts, fears, and insecurities women have about stepping up and speaking out. She shows how to navigate discrimination with grace, strength, and confidence, and she empowers women everywhere to press into God to discover their unique purpose. Whether you step across the street or into a new role altogether, you can

This book analyses the 1984-5 miners' strike by focusing on its vital Scottish dimensions, especially the role of workplace politics and community mobilisation. The year-long strike began in Scotland, with workers defending the moral economy of the coalfields, and resisting pit closures and management attacks on trade unionism. The book relates the strike to an analysis of changing coalfield community and industrial structures from the 1960s to the 1980s. It challenges the stereotyped view that the strike began in March 1984 as a confrontation between Arthur Scargill, the miners' leader, and Margaret Thatcher's Conservative government. Before this point, in fact, 50 per cent of Scottish miners were already on strike or engaged in a significant pit-level dispute with their managers, who were far more confrontational than their counterparts in England and Wales. The book explores the key features of the strike that followed in Scotland: the unusual industrial politics; the strong initial pattern of general solidarity; and then the emergence of varieties of pit-level commitment. These were shaped by differential access to community-level moral and material resources, including the economic and cultural role of women, and pre-strike pit-level economic performance. Against the trend elsewhere, notably in the English Midlands, relatively good performance prior to 1984 was a positive factor in building strike endurance in Scotland. The book shows that the outcome of the strike was also distinctive in Scotland, with an unusually high level of victimisation of activists, and the acceleration of deindustrialisation consolidating support for devolution, contributing to the establishment of the Scottish Parliament in 1999.

"In its purest form love is self-sacrificing, eternal, selfless, enduring, truthful, forgiving and indulgent. It also feels an awful lot like a kick to the stomach when you try to fight it " All Everleigh Carsen wanted to do was complete her final semester at Hensley University and begin the life she planned. When a wave of violent crime seizes campus, Everleigh is persuaded by her best friend to attend a school sponsored self-defense seminar, where she meets volunteer instructor, Hunter Charles. After Everleigh's biting sarcasm induces Hunter to eject her from class, an explosive relationship is born. Everleigh is determined to forget the striking man, but fate-that fickle shrew- continuously intervenes. Unable to escape him, she casts Hunter as her prime adversary. The only complication...Hunter is resolutely pursuing his vindication...by any means necessary. Verbal warfare ensues, and despite Everleigh's ingenious efforts, in Hunter, she has finally found her equal. Follow local historian and "Ghost Lady" Kathi Kresol as she researches the spirits, curses, and curiosities from the Forest City's shadowy past. Just beneath the glossy surface of Rockford's rich heritage lies a dark history of tragedy. The city's troubled and turbulent past left scars that still resonate today. Geraldine Bourbon's final struggle still echoes throughout the farmhouse where her estranged husband pursued her with a pistol from room to room before gently laying her corpse on the bed. The sobs of society darling Carrie Spafford still keep vigil over the family plot of the cemetery where she sowed the heartbreak of her twilight years. From the vengeance of Chief Big Thunder to the Witch of McGregor Road, author Kathi Kresol shares the legends and lore of Rockford's haunted history. Includes photos! "There are reasons why Kathi Kresol believes Rockford is so haunted. The tour guide said there are good 'conductors' for the supernatural in the city's downtown area. These factors include being near a body of water, having limestone in the area and the area having a Native American influence." —Beloit Daily News
