A former Mississippi CPS worker is accused of sexually abusing the children she was entrusted to care for and protect, authorities allege.. According to Crime Online, Lauren Cavness, 26, was indicted this week following a months-long investigation by the Tishomingo County Sheriff's Office, the state Department of Child Protection Services, and the state Attorney General's Office.

Fired CPS worker sexually abused kids in her care, sheriff ...

When carrying out any child protection enquiries or assessments, a Social Worker will always want to speak individually to the child or children. They will usually want to see a child without his or her parent present, often in a neutral environment such as school or nursery if possible. The Social worker should normally ask for permission from a parent first, unless he/she has good reason to believe you may threaten the child or try to make them stay silent, or otherwise compromise their ...

Provides the foundation for casework practice in Child Protective Services (CPS). Describes the basic stages of the CPS process and the steps necessary to accomplish successfully each stage: intake, initial assessment/investigation, family assessment, case planning, service provision, and evaluation of family progress and case closure. Designed primarily for CPS caseworkers, supervisors, and administrators. Glossary. Bibliography.

Provides the foundation for casework practice in Child Protective Services (CPS). Praise for the First Edition: "All readers will be drawn to the style of the book as well as its content. The structure will make sure that it is not just a "one-off", being read as part of a course of study, but a book which is used frequently as a source of reference' - Child Abuse Review The Second Edition of this best-selling textbook provides students and practitioners with a broad introduction to, and critical analysis of, the complex issues involved in child protection work. Beckett unpacks these complexities in a clear and engaging way, all the time encouraging reflection and debate through such features as case examples and interactive exercises. The book is fully comprehensive, considering key topics such as: the consequences for children of abuse and neglect; the reasons why some adults abuse and neglect children; the personal challenges involved in doing child protection work; and the organizational framework within which child protection work takes place. Other key features of this thoroughly revised Second Edition include: " Fully updated content: the book has been revised to incorporate new literature, research, legal and policy developments, including the recent Working Together guidelines " Two new chapters: these comprise a chapter on domestic violence in families, and a chapter on bringing about change " Interprofessional appeal: the author addresses all the professionals involved in child protection work, ensuring relevance across a range of disciplines and professions. The new edition of this highly successful textbook will be required reading for students studying social work and allied subjects, and an essential resource for all professionals involved in child protection work. Chris Beckett is based at the Division of Social Work and Social Policy, Anglia Ruskin University. He is the author of three best-selling SAGE textbooks: Human Growth and Development; Values and Ethics in Social Work (with Andrew Maynard); Essential Theory for Social Work Practice. Find out more about Chris Beckett at the Anglia Ruskin University website

A sequel to Three Little Words traces the author's post-foster care years, describing her adventures in college, her relationship with her spouse and her decision to have both biological and foster children.

Collaborative Therapy: Relationships and Conversations That Make a Difference provides in-depth accounts of the everyday practice of postmodern collaborative therapy, vibrantly illustrating how dialogic conversation can transform lives, relationships, and entire communities. Pioneers and leading professionals from diverse disciplines, contexts, and cultures describe in detail what they do in their therapy and training practices, including their work with psychosis, incarceration, aging, domestic violence, eating disorders, education, and groups. In addition to the therapeutic applications, the book demonstrates the usefulness of a postmodern collaborative approach to the domains of education, research, and organizations.

A study in the collision between Western medicine and the beliefs of a traditional culture focuses on a hospitalized child of Laotian immigrants whose belief that illness is a spiritual matter comes into conflict with doctors' methods.
