Updated August 19, 2019. Historical context is an important part of life and literature, and without it, memories, stories, and characters have less meaning. Historical context deals with the details that surround an occurrence. In more technical terms, historical context refers to the social, religious, economic, and political conditions that existed during a certain time and place.

Using Historic Context in Analysis and Interpretation

The main difference between History and Background is that the History is a umbrella term covering the record of past events and their study and The circumstances or situation prevailing at a particular time or underlying a particular event. and In technology: A wallpaper or background is a digital image used as a decorative background of a graphical user interface.

History vs. Background - What's the difference? | Ask...

Background information identifies and describes the history and nature of a well-defined research problem with reference to the existing literature. Background information in your Introduction should indicate the root of the problem being studied, its scope, and the extent to which previous studies have successfully investigated the problem, noting, in particular, where gaps exist that your study attempts to address.

Historical Background on Modernism; Modernism was a literary movement that lasted approximately from 1914-1950. Modernism began the breaking of traditional writing styles that we know today. During this period, artists began to develop their own individual styles as they felt that individuals, especially artists, were becoming increasingly ...

Historical Background - Modernism

Historical Context. Published in 1946, *A Streetcar Named Desire* reflects the cultural tensions that pervaded the nation after the horrors of World War II, when an idealistic and ambitious American nation attempted to prove its superiority and its power to the global community by attempting to - and succeeding in - squashing the threat of Nazi Germany.

Historical Context - Jiffnotes

One's social heritage; what one did in the past/previously. A part of the picture that depicts scenery to the rear or behind the main subject; context. Information relevant to the current situation about past events; history. A less important feature of scenery (as opposed to foreground).

What is the difference between background and context...

Background information identifies and describes the history and nature of a well-defined research problem with reference to the existing literature. The background information should indicate the root of the problem being studied, appropriate context of the problem in relation to theory, research, and/or practice, its scope, and the extent to which previous studies have successfully investigated the problem, noting, in particular, where gaps exist that your study attempts to address.

Background and Context Quick revise DNA deals with a whole host of contemporary issues through its portrayal of a particularly disaffected and alienated teenage-orientated view of the 'modern' world.

Background and Context - DNA by Dennis Kelly

Jane Austen's brief life and writing career overlapped with one of the most transformative eras in British history, marked by revolution abroad and unrest at home. The signing of the Declaration of Independence in 1776, the year after Austen's birth, signaled the start of the American Revolution, followed in the next decade by the beginning of the French Revolution in 1789.

Les Misérables tells the fictional story of Jean Valjean, a man who has unjustly been condemned to nearly two decades of prison for stealing a loaf of bread to save a starving child. Because the story takes place in Paris, involves the misery of the Parisian underclass, and comes to a climax during a battle, many people assume that the story is set during the French Revolution.

The Background | Introduction to Protestantism

Historical Context . The novel's narrative action mostly hovers between 1855 and 1873, though it was written in 1988. Certainly, Morrison intended for the novel to be considered more within the historical context of American slavery and reconstruction, rather than the Reagan Era and the twentieth century. Beloved is written as a response to the ...

"Adventures of Huckleberry Finn or, in more recent editions, *The Adventures of Huckleberry Finn* is a novel by Mark Twain, first published in the United Kingdom in December 1884 and in the United States in February 1885. Commonly named among the Great American Novels, the work is among the first in major American literature to be written throughout in vernacular English, characterized by local color regionalism. It is told in the first person by Huckleberry Huck finn, the narrator of two other Twain novels *Tom Sawyer Abroad* and *Tom Sawyer*, Detective and a friend of Tom Sawyer. It is a direct sequel to *The Adventures of Tom Sawyer*.The book is noted for its colorful description of people and places along the Mississippi River. Set in a Southern antebellum society that had ceased to exist over 20 years before the work was published, *Adventures of Huckleberry Finn* is an often scathing satire on entrenched attitudes, particularly racism."

Understanding students' historical understanding is a complex and challenging endeavour, for history teachers as well as for researchers from diverse fields. Since historical situations contain interpersonal and social issues that happened in the past, not only history educators are interested in how students understand them.

This resource includes a range of activities designed to look at different aspects of teaching about people in chemistry and the chemical sciences to 11-19 year old students.

In 2005, Austria celebrated the sixtieth anniversary of its liberation from the Nazi regime and the fiftieth anniversary of the State Treaty that ended the occupation and returned full sovereignty to the country. This volume of Contemporary Austrian Studies covers foreign policy in the twentieth century. It offers an up-to-date status report of Austria's foreign policy trajectories and diplomatic options. Eva Nowotny, the current Austrian ambassador to the United States, introduces the volume with an analysis of the art and practice of Austrian diplomacy in historical perspective. Ambassador Wolfgang Petritsch analyzes recent Balkans diplomacy as an EU emissary in the Bosnian and Kosovo crises. Historians Gtner Kronenbitter, Alexander Lassner, Gnter Bischof, Joanna Granville, and Martin Kofler provide historical case studies of pre- and post-World War I and World War II Austrian diplomacy, Austria's dealings with the Hungarian crisis of 1956, and its mediation between Kennedy and Khrushchev in the early 1960s. Political scientists Romain Kirz, Stefan Mayer, and Gunther Hauser analyze small states' foreign policymaking in a globalizing world. Austrian federal states' separate regional policy initiatives abroad and Austria's role vis-à-vis current European security initiatives. Michael Gehlert periodizes post-World War II Austrian foreign policy regimes and provides a valuable summary of both the available archival and printed diplomatic source collections. A "Historiography Roundtable" is dedicated to the Austrian Occupation decade. Gnter Bischof reports on the state of occupation historiography; Oliver Rathkolb on the historical memory of the occupation; Michael Gehlert on the context of the German question; and Wolfgang Mueller and Norman Naimark on Stalin's Cold War and Soviet policies towards Austria during those years. Review essays and book reviews on art theft, anti-Semitism, the Hungarian crisis of 1956, among other topics, complete the volume.

The role played by testing in the nation's public school system has been increasing steadily-and growing more complicated-for more than 20 years. The Committee on Educational Excellence and Testing Equity (CEETE) was formed to monitor the effects of education reform, particularly testing, on students at risk for academic failure because of poverty, lack of proficiency in English, disability, or membership in population subgroups that have been educationally disadvantaged. The committee recognizes the important potential benefits of standards-based reforms and of test results in revealing the impact of reform efforts on these students. The committee also recognizes the valuable role graduation tests can potentially play in making requirements concrete, in increasing the value of a diploma, and in motivating students and educators alike to work to higher standards. At the same time, educational testing is a complicated endeavor, that reality can fall far short of the model, and that testing cannot by itself provide the desired benefits. If testing is improperly used, it can have negative effects, such as encouraging school leaving, that can hit disadvantaged students hardest. The committee was concerned that the recent proliferation of high school exit examinations could have the unintended effect of increasing dropout rates among students whose rates are already far higher than the average, and has taken a close look at what is known about influences on dropout behavior and at the available data on dropouts and school completion.

In one of the more sudden shifts of perspective, and hotly contested controversies of recent historical and literary scholarship, our view of Johnson has been fundamentally changed. This volume offers the best up-to-the-moment account of what has been achieved, and points to the new directions in which scholarship is developing. It will be essential reading for all concerned with eighteenth-century studies.

This volume, based on presentations at a 1998 state of the art conference at the University of Georgia, critically examines African American English (AAE) socially, culturally, historically, and educationally. It explores the relationship between AAE and other varieties of English (namely Southern White Vernaculars, Gullah, and Caribbean English creoles), language use in the African American community (e.g., Hip Hop, women's language, and directness), and application of our knowledge about AAE to issues in education (e.g., improving overall academic success). To its credit (since most books avoid the issue), the volume also seeks to define the term 'AAE' and challenge researchers to address the complexity of defining a language and its speakers. The volume collectively tries to help readers better understand language use in the African American community and how that understanding benefits all who value language variation and the knowledge such study brings to our society.

Sethe, an escaped slave living in post-Civil War Ohio with her daughter and mother-in-law, is haunted persistently by the ghost of the dead baby girl whom she sacrificed, in a new edition of the Nobel Laureate's Pulitzer Prize-winning novel. Reader's Guide available. Reprint. 60,000 first printing.

Take in the full history of the Bible with a detailed account that focuses on its major empires, events and personalities. Written by a religious scholar who has taught at high school, college and adult levels, this historical exploration is organized around the major civilizations and epochs of the ancient world, beginning with Sumer and ending with Rome. Author Bruce W. Gore provides a thorough overview of major empires, such as the Assyrians or Babylonians, as well as more modest civilizations, such as the Phoenicians or Hittites. Learn how Cyrus the Persian, Alexander the Great, Julius Caesar, and others changed the course of Christianity. In the course of historical exploration, this account also examines questions that may have puzzled readers of the Bible in the past: * Who was Sennacherib? * To which Assyrian king did Jonah preach, and did this make any difference in history? * What did the eight night visions of Zechariah mean in light of the rule of Darius the Persian? Study the Bible with an eye on its ancient setting and develop an understanding of its key people, places and civilizations with Historical and Chronological Context of the Bible.

The classic study of human nature which depicts the degeneration of a group of schoolboys marooned on a desert island.
