thirty years, produced millions of words and hundreds of volumes on various aspects of the history of Africa.

History of Africa | Kevin Shillington | download

Shillington's "History of Africa" serves its purpose; namely, an introduction and historical survey of the history of Africa from ancient to modern time. The historical accuracy of the text - especially concerning the time before the bronze age - is seriously dubious, and moot at best.

Shillington acknowledges humanity's African origins, but considers the early folks were probably brown (not the de rigueur black); that ironworking was probably introduced via the Maghrib (rather than diffusing from black Meroe); considers Napata and Meroe to have been civilized from Egypt (rather than the other way around); and does not insist that the ancient Egyptians were all dark Africoids.
