One of the central tenets of science is to define a problem to be studied with as much clarity as possible, and the key to clear communication is calling things what they really are. Unfortunately, both the American media and public intellectuals have failed to be honest in identifying what everyone in Europe knows is the primary source of terrorism in the world today: Islam.

In "The Crusades Through Arab Eyes", Amin Maalouf has sifted through the works of a score of contemporary Arab chroniclers of the Crusades, eyewitnesses and often participants in the events. He retells their stories in their own vivacious style, giving us a vivid portrait of a society rent by internal conflicts, and shaken by a traumatic encounter with an alien culture.
