Synopsis This work is a study of the exercise of royal authority before the Norman Conquest. Six centuries separate the "adventus Saxonum" from the battle of Hastings: during those years, the English kings changed from warlords, who exacted submission by force, into law givers to whom obedience was a moral duty.

Kingship and government in pre-conquest England, c.500 ...

Kingship, lordship, and government. Sacred kingship. We have already observed the dynamic blending between the legacy of Christian imperial rule, and the charismatic martial lordship which prevailed among Germanic people. This process resulted in the emergence of sacred kingship as a concept and a practice.

The cross-cultural and anthropological comparisons suggested in this symposium will enhance our understanding of divine kingship as an important strategy of pre-modern rulers to bolster their power and to create new ideological foundations to support growing political expansionistic tendencies.

Religion and Power: Divine Kingship in the Ancient World ...

Sacred kingship, religious and political concept by which a ruler is seen as an incarnation, manifestation, mediator, or agent of the sacred or holy (the transcendent or supernatural realm). The concept originated in prehistoric times, but it continues to exert a recognizable influence in the modern world.
