1 May 2017 - TREND UK press release. Trend UK has published an insulin safety leaflet. The patient booklet is entitled Keeping Safe with Insulin Therapy because “insulin management and prescribing errors are very common and can lead to patient harm”. The booklet provides information on dosage, technique and devices. There are over 30 different insulin available in the UK so those who use it are being warned to always check they have the right one

for them.

New insulin safety leaflet from TREND UK | Diabetes UK

• diabetes, its symptoms and associated health problems (diabetes complications) • what causes diabetes and who is most at risk • how diabetes can be treated, and • how you can help yourself to stay healthy. It also explains how Diabetes UK can give you up-to-date information and support, on all aspects of living with diabetes.
