As half-angel Willow strives to save the world from her parasitic otherworldly kin, romance and tension heat up to a climactic finale. In the devastated remains of the world, millions of people live in "Edens" provided by the angels who have all but enslaved humanity. As the angelic stranglehold on humanity tightens, Willow and Alex are recruiting and training new Angel Killers while struggling to hold ground on the celestial battlefield. Willow continues to struggle with feelings for Seb, and her love and resolve are tested as a shattering revelation sends Alex on a separate journey. Now that the final battle versus the angels is about to begin – and the fate of the world hangs in the balance – each of them must face the consequences of their own choices. Will love endure? Will the human race survive?

Every fighter is drawn to the violence, the release that a perfect hit can bring. But very few are drawn to the pain. Rex Carter lives behind a wall of indifference. The demons from his childhood act as an anesthetic, keeping him distant from emotional connections. Only the ache from a knock to the jaw, the sting of a tattoo needle, or the heat from a piercing can jolt him back from the numbness. The fiery pain is all he can feel, and nothing compares to the burn. Or so he thought. Working in a Las Vegas bar isn't Georgia McIntyre's dream. But she hopes it'll be an end to the nightmare. She's watched him, followed him and kept tabs, all in preparation for this moment: to make amends and share the secret she's been carrying since she was a kid. But she didn't count on the feelings that seeing him again would stir up, the vacant look in his stormy-blue eyes, and his perfect body now mutilated by ink and metal. And she knows why. She's lived his pain every single day, since the day he left. Changed by time, Rex doesn't remember the girl from his past. If only she could do the same. Will she get the absolution she's spent her life seeking? Or will he continue Fighting to Forget?

EVIL FROM BEYOND TIME RULES THE GREATEST EMPIRE ON EARTH! Link, the supercomputer from a future that should not exist, has used terror and gunpowder weapons to forge the Malwa Empire: harnessing the vast manpower of the Indian subcontinent and using the barbarian races of the periphery to bind the whole together. No power on Earth in the 6th century could stand against Link's evil. Aide, a human soul embodied in a jewel, has come back to halt evil's progress. Aide has no power but that of truth, but truth is the only power that could move the greatest general of the age, Belisarius. With his sword, his paladins, and his genius, Belisarius has turned the armies of Byzantium into a weapon capable of blunting the first assault of the Malwa hordes. Now, supported by allies from all the world yet free, Belisarius, with his wife and co-commander Antonia, faces overwhelming Malwa numbers in a ring that tightens about them. There is no room for maneuver and no safety in defeat. The armies of Good and Evil gathered on the fertile plains of Mesopotamia will decide the fate of the world. And the fate of all the future! A major 2007 study of the impact of Home Rule on liberalism and popular radicalism in Britain and Ireland. Eugenio Biagini argues that between 1876 and 1906 the crisis of public conscience caused by the Home Rule debate acted as the main catalyst in the remaking of popular radicalism. This was not only because of Ireland's intrinsic importance but also because the 'Irish cause' came to be identified with democracy, constitutional freedoms and humanitarianism. The related politics of emotionalism did not aid in finding a solution to either the Home Rule or the Ulster problem but it did create a popular culture of human rights based on the conviction that, ultimately, politics should be guided by non-negotiable moral imperatives. Adopting a comparative perspective, this book explores the common ground between Irish and British democracy and makes a significant contribution to the history of human rights, imperialism and Victorian political culture.

In Sell with Soul the author shares her rise from a nervous rookie agent to a successful real estate broker in Denver, Colorado. The book contains detailed instructions and checklists for many of the activities a new agent must master, such as building a contact database, learning the market, working with buyers, crafting marketing listings, and negotiating inspections. Allan also shares many stories from her own career that will help the new agent better understand her recommendations. Sell with Soul also speaks out against the status quo and asks agents to consider the needs of their clients before considering their own personal need for a paycheck, and counsels agents to welcome every learning experience, even when it does not result in a closed sale. Many new agents have told Allan how her book gave them hope that they could succeed without sacrificing their principles or changing their personalities.
