In My Life is Not My Own, Dr. Bright contends that his kingdom victories had little to do with his own excellence and everything to do with becoming a "royal slave" to the King of kings. Dr. Bright examines a perspective common to first-century Christians. The earliest believers did not see themselves as God's hired servants; instead, they viewed themselves as "royal slaves," permanent members in God's household, under His authority and called to His business. Readers will be dared to make the ultimate choice and become slaves to Jesus Christ.

"Never once in my life had I dreamed of being in bed with a convicted killer." For almost six turbulent years, award-winning writer Diane Schoemperlen was involved with a prison inmate serving a life sentence for second-degree murder. The relationship surprised no one more than her. How do you fall in love with a man with a violent past? This Is Not My Life is the story of the romance between Diane and Shane—how they met and fell in love, how they navigated the obstacles of passes and visits and parole hearings and, eventually, how things fell apart, were reconciled and then fell apart for good. In this candid, often wry, sometimes disturbing memoir, Schoemperlen takes us inside a complex and difficult relationship as she journeys through the prison system with Shane. Not only did this experience enlarge her capacity for both empathy and compassion, but it also forced her to more deeply examine herself.

Is This as Good as It Gets? Personal crises and disappointments have led many to the pessimistic conclusion that "my life sucks." Underneath the contemporary slang are universal and timeless questions about the human condition. People of every age, in every kind of circumstance have wondered to themselves and others: Will my life ever be better than this? Is this as good as it gets? This book is an honest and compassionate look at the real struggles we face in a broken world where bad things do happen. Dr. Ramon Presson, a licensed marriage & family therapist for 30 years, describes his own significant personal struggles, including hospitalization for depression. Using the letter that Paul wrote to the Philippians from prison, Presson shares that hope and joy are possible even when life disappoints. Full of practical suggestions for how you can live with purpose and meaning right in the middle of your everyday struggles, this revised and updated edition of When Will My Life Not Suck? is a hopeful treatment of human suffering from someone who has personally lived it and counseled others through the wilderness.

ONE OF PUBLISHERS WEEKLY'S TEN MOST ANTICIPATED MEMOIRS OF THE SEASON IF YOU THINK IT SUCKS TO LIVE WITH YOUR PARENTS WHEN YOU'RE THIRTY-SIX AND NINE MONTHS PREGNANT, JUST WAIT TILL THE DEA COMES KNOCKING (WITH THE IRS IN TOW): WELCOME TO VICTORIA FEDDEN'S LIFE. When a squad of federal agents burst through her parents' front door, Victoria Fedden felt ill-prepared to meet them: She was weeks away from her due date and her T-shirt wasn't long enough to hide her maternity undies. As for the question of how to raise a child when you've just discovered that your mother and stepfather have allegedly masterminded a pump-and-dump scheme? She was pretty sure that wasn't covered in What to Expect When You're Expecting—and she really hoped that Bradford Cohen, the noted criminal defense attorney who famously waived his exemption on The Apprentice, would prove them innocent. This Is Not My Beautiful Life is the story of how Victoria lost her parents to prison and nearly lost her mind. No one ever said motherhood would be easy, but as she struggles to change diapers, install car seats, and find the right drop-off line at pre-school—no easy task, when each one is named for a stage in the lifecycle of a f*cking butterfly—she's also forced to ask herself whether a jump-suit might actually complement her mom's platinum-blond extensions and fend off the cast of shady, stranger-than-fiction characters (like the recovering addict who scored a reality show when he started an escort service for women) who populated her parents' world. A real-life Arrested Development that could only unfold in southern Florida, This Is Not My Beautiful Life is a hilariously funny and unexpectedly moving memoir of a just-functional family you'll never forget.

NEW YORK TIMES BESTSELLER • Gloria Steinem—writer, activist, organizer, and inspiring leader—tells a story she has never told before, a candid account of her life as a traveler, a listener, and a catalyst for change. ONE OF O: THE OPRAH MAGAZINE'S TEN FAVORITE BOOKS OF THE YEAR | NAMED ONE OF THE BEST BOOKS OF THE YEAR BY Harper's Bazaar • St. Louis Post-Dispatch • Publishers Weekly When people ask me why I still have hope and energy after all these years, I always say: Because I travel. Taking to the road—by which I mean letting the road take you—changed who I thought I was. The road is messy in the way that real life is messy. It leads us out of denial and into reality, out of theory and into practice, out of caution and into action, out of statistics and into stories—in short, out of our heads and into our hearts. Gloria Steinem had an itinerant childhood. When she was a young girl, her father would pack the family in the car every fall and drive across country searching for adventure and trying to make a living. The seeds were planted: Gloria realized that growing up didn't have to mean settling down. And so began a lifetime of travel, of activism and leadership, of listening to people whose voices and ideas would inspire change and revolution. My Life on the Road is the moving, funny, and profound story of Gloria's growth and also the growth of a revolutionary movement for equality—and the story of how surprising encounters on the road shaped both. From her first experience of social activism among women in India to her work as a journalist in the 1960s; from the whirlwind of political campaigns to the founding of Ms. magazine; from the historic 1977 National Women's Conference to her travels through Indian Country—a lifetime spent on the

road allowed Gloria to listen and connect deeply with people, to understand that context is everything, and to become part of a movement that would change the world. In prose that is revealing and rich, Gloria reminds us that living in an open, observant, and “on the road” state of mind can make a difference in how we learn, what we do, and how we understand each other. Praise for *My Life on the Road* “This legendary feminist makes a compelling case for traveling as listening: a way of letting strangers’ stories flow, as she puts it, ‘out of our heads and into our hearts.’”—People “Like Steinem herself, [*My Life on the Road*] is thoughtful and astonishingly humble. It is also filled with a sense of the momentous while offering deeply personal insights into what shaped her.”—O: The Oprah Magazine “A lyrical meditation on restlessness and the quest for equity . . . Part of the appeal of *My Life* is how Steinem, with evocative, melodic prose, conveys the air of discovery and wonder she felt during so many of her journeys. . . . The lessons imparted in *Life on the Road* offer more than a reminiscence. They are a beacon of hope for the future.”—USA Today “A warmly companionable look back at nearly five decades as itinerant feminist organizer and standard-bearer. If you’ve ever wondered what it might be like to sit down with Ms. Steinem for a casual dinner, this disarmingly intimate book gives a pretty good idea, mixing hard-won pragmatic lessons with more inspirational insights.”—The New York Times “Steinem rocks. *My Life on the Road* abounds with fresh insights and is as populist as can be.”—The Boston Globe

All of my life I have been interested in helping people and animals. I am setting up a healing centre with a difference for people and animals alike where everyone will be welcome. I have taken many courses and attended various seminars to help me with this. I have dealt with tragedies in my own life and they have only made me stronger. I have always turned a negative into a positive. By writing this book I hope to help others to lessen their burdens by having a distinguished mindset, enjoying their lives and consequently making our world a better place for all. I have studied life coaching, nutrition and natural healing people can learn there is a balance and choice to conventional medicines. I hope this book helps people navigate through life successfully. We all have a choice, to make life work for us, or to work for life. I hope you enjoy my book.

Lucy Silchester keeps receiving this strange appointment card and sweeping its gold embossed envelope under the rug. Literally. She busies herself with a job she doesn't like, helping out friends, fixing her car, feeding her cat, and devoting her time to her family's dramas. But Lucy is about to find out that this is one appointment she can't miss, when Life shows up at her door, in the form of a sloppy but determined man. Life follows her everywhere – from the office, to the bar, and to her bedroom – and Lucy learns that some of the choices she has made and the stories she has told aren't what they seem. Now her half-truths are about to be revealed, unless Lucy tells the truth about what really matters to her. *The Time of My Life* is another warm, thought-provoking novel from Cecelia Ahern, internationally bestselling author of *P.S. I Love You*.

Jennifer Shaw's life looked picture perfect. With a happy marriage, wonderful children, and a successful singing career, her dreams had come true. But within a short period of time, her ideal life began to spiral out of control. Her career was changing, a devastating miscarriage nearly ended her life, her beloved father was diagnosed with a fatal illness, and her youngest child, Toby, began to exhibit extreme and frightening behavior. Jennifer and her husband struggled to determine why their little boy screamed when drops of water touched his skin, why he would not walk on grass and could not eat. Experts told them Toby might grow out of it, but Jennifer could not shake the certainty that these mystifying symptoms meant something was terribly wrong with their young son. In *Life Not Typical*, Jennifer shares her heart-wrenching journey of tragedy, loss, and learning to live with the challenges caused by Sensory Processing Disorder. Jennifer shares her story with refreshing honesty, reliving raw emotions as her life plans began to unravel. In her darkest moments, when Jennifer began to feel as though she couldn't go on, she found the tender hand of God gently holding and guiding her. And in that place of safety, she discovered a sustaining hope that deepened her faith and gave her the courage to fight another day.

Born 1970 in Georgia, Linda Tyler was the fifth child of her mother's six children. I birthed three children of my own in 1986 having had my first child at age sixteen. Dropping out of high school at age fifteen. Later birthing two more children at age nineteen and around twenty-three. Still struggling to find my purpose in life, taking to the streets at an early age only to realize, looking for love in all the wrong places would lead me down a path of self-destruction. Soon I found myself walking in my own mother's footsteps, birthing children that I wasn't caring for, raising, nurturing, and teaching them how to grow, and to become smart, respectable, loving, moral, and vibrant young men and women. Later in life in the early 2000s, I went back to school and received my diploma. This was a huge accomplishment for me! I knew without education I would be stagnant in my growth in life. Another great accomplishment happen also in the early 2000s. I met a nice guy who later became the love of my life, who later on became my husband, Romeo Lewis, who inspired me to be a better woman, mother, person, etc. A man that made me fill whole again! A man that became a huge father figure that my children didn't have. A man that loved all his children and grandchildren as well, that loves his family unconditionally. I want to share my story to inspire and help other young adults out there that maybe facing some of the same hardships as myself. Don't give up and don't give in, we all have a purpose to fulfill in one's lifetime. Keep the faith, and if you fall get back up! Ecclesiastes 9:11 reads, "The race is not won to the swift, but to the one who endureth till the end." PS: if I can do it, so can you!

In *A Life Not My Own*, Tina shares her personal experiences of child abuse and neglect, her struggles as a teenager and in her young adult life. The book started as a journal and was her attempt to address many of the secrets she had pushed to the back in her mind. As the memories continued to resurface, she was forced to address the issues that ultimately led to her sharing her past with readers around the world as a powerful force of inspiration.
