necks and tails of your
needle felted animals.

Read Book

Needle Felting

For a cylinder you want the width of the strip of wool to be a little wider than the length of the required finished shape, as it will shrink during the felting process. The process is rather like creating an elongated egg.

Read Book

Needle Felting

The solution here is simple. Take a larger size needle (or mid sizes multi needles) (smaller numbers on the needle) and continue to work your piece all over until it becomes much firmer. (See techniques below). If the needle is too big you will start to feel resistance and your piece will scrunch as you work.
