Thoughts, Feelings, and Behaviors: It's All Connected. This post is Part 1 in a 4-part blog series on changing thoughts, feelings, and behaviors. One popular kind of counseling is called cognitive-behavioral therapy (CBT). It's based on the idea that our thoughts, feelings, and behaviors are all connected and influence one another. For example, if we are feeling sad or depressed, we might have thoughts like we aren't worth much of anything, and we might do behaviors like stay in bed ...

Thoughts, Feelings, and Behaviors: It's All Connected ...

Thoughts and emotions have a profound effect on one another. Thoughts can trigger emotions (worrying about an upcoming job interview may cause fear) and also serve as an appraisal of that emotion ("this isn't a realistic fear"). In addition, how we attend to and appraise our lives has an effect on how we feel.

Thoughts Affect Feelings, Feelings Affect Actions, Actions ...

Emotions are typically viewed as having three components: subjective experience, physical changes, and cognitive appraisal; emotion perception is the ability to make accurate decisions about another's subjective experience by interpreting their physical changes through sensory systems responsible for converting these observed changes into mental representations.

Emotion perception - Wikipedia

Feeling, in psychology, the perception of events within the body, closely related to emotion. The term feeling is a verbal noun denoting the action of the verb to feel, which derives etymologically from the Middle English verb *felen*, "to perceive by touch, by palpation." It soon came to mean, more generally, to perceive through those senses that are not referred to any special organ.

Feeling | psychology | Britannica

One of the best scriptural illustrations of the relationship between perceptions and emotions is found in Lamentations 3. In verses 1-6, Jeremiah expresses despair, as he wrongly perceives that God is against him and that He is the cause of his physical problems. In verses 7-11,18, he vents his feelings of entrapment and fear.
