'Ambivalent: Photography and Visibility in African History': Book Launch Photographies East The Camera And

Photographies East is a compelling and thought-provoking volume of detailed case studies, which succeeds in its multidisciplinary aims to further the critical debate on photography's histories and legacies in Southeast and East Asia. With its astute and wide-ranging use of theoretical and empirical approaches to materials on the periphery of academic attention, it will help foster dialogues between visual anthropologists, cultural historians, area specialists, and historians of photography ...
