figures by subtracting the first year (Col.2) from the second year (Col.3) and indicate the change as increase (+) or decrease (-) and put it in column 4.

## Analysis of Financial Statements 4

Financial analysis helps managers with efficiency analysis

# Read Free Problems

and identification of problem areas within the firm. Also, it helps managers identify strengths on which the firm should build.

Externally, financial analysis is useful for credit managers evaluating loan requests and investors considering security purchases.
