You'll receive priceless expert advice on: Finding and identifying stamps Caring for and exhibiting your collection Understanding collecting terms Verifying authenticity Using internet resources And much more!

The most comprehensive introduction and guide to collecting U.S. stamps ever written. It opens the hobby to a new generation of collectors, and serves as a treasured reference for established ones. This book, which supplements and transcends a catalog, provides the reader with a vast array of information about United States stamps, as well as many practical tips and suggestions for collecting them. There' s over 300 years of American history carefully written and designed to appeal to collectors of all ages, and levels of interest. Kirk House Publishers is pleased to present this unique resource as a salute to these fascinating and highly collectible tiny pieces of paper and to the men and women who collect them.

This book contains facts about collecting stamps that will inspire the reader to start his or her own collection. Readers will gain a working knowledge of this hobby which includes background history of stamps, famous stamp collectors like Franklin D. Roosevelt, types of collections, types of stamps such as definitive, commemorative, special, semipostals and Cinderella stamps, research and resources, the best places to find, buy or trade stamps, how to grade a stamp, and how to organize, store and care for a stamp collection. Full-color photographs, materials & techniques, tips & sidebar information, a glossary and an index are all included in this title.

The most popular hobby in the world, stamp collecting has millions of fans in the United States alone. Many are adults who have turned a childhood interest in philately into a pleasurable (and often profitable) lifetime avocation. This volume has everything needed to start a personal stamp collection: Entries for nearly 200 countries; Spaces for more than 2,600 stamps; Over 1,100 black-and-white illustrations of stamps; Easy-to-use Stamp Identifier Table and Index. Clear instructions for using the album and the Stamp Identifier Table are included, along with many useful hints and tips on building a collection. An entertaining, inexpensive way to learn about faraway people and places, stamp collecting brings a sense of excitement and adventure with each new acquisition. This book offers would-be collectors that ticket to discovery.

Philately Stamp Collectors Log Book This collectors journal is the perfect gift for the young philatelist all the way to mature collector. Keep track of all the essential information used to record and value your stamp collection, and have all this information in one handy place. With over 2000 entry spots no collection will be to big to begin with. Many collectors have chosen to digitalise their collection, however we believe there is nothing more personal than a handwritten collection. Eventually, your collection will have to be passed on, and there is nothing more sentimental than a hand written log of your collection. It is also excellent for when you're passing it on to your kids, or ready to sell, as far as value conditions & hidden rarities or intricate information regarding the collection. You wouldn't want all of years of collecting thrown away on a 7 day auction starting at .99 cents This logbook saves hours of studying & classifying & makes the collecting hobby much more enjoyable. Weather you are a serious collector; or just beginning, this book will make the process a much smoother one. Book Details: Inputs for 2000 individual stamps 8.5 x 11 inch - Adequate space for inputs High Quality, white paper perfect for all ink types Professional quality perfect bound cover Soft cover, matte finish Beautiful, unique cover design
