Volume 2 of War Letters 1914-1918 is based on the First World War (WW1) letters of sixteen-year-old Royal Navy midshipman, Philip Malet de Carteret who sailed with HMS Canopus and includes his experience of Coronel, the Falklands and extensive time at the Dardanelles before he died in the Battle of Jutland. It is available at Amazon for £3.00.

~~War Letters 1914 1918, Vol. 2 War Letters 1914 1918~~

A great little short book filled with letters from a young subaltern, Wilbert Spencer, serving with the British Army on the Western Front in 1914 and early 1915. The letters vividly describes how life was in the trenches through the eyes of an honest and innocent youth and of particular interest is that in the letters after Christmas 1914 he tells of the Christmas Truce how he experienced it.

Volume 3 of War Letters 1914-1918 is based on the letters of Frederick Muir, a twenty-one-year-old Australian who fought and died at Gallipoli during the First World War (WW1). The letters cover his departure from Australia, his training in Egypt, the 25 April landing on the Gallipoli peninsula and the fighting there until his death just before the final evacuation.

~~War Letters 1914 1918, Vol.3 War Letters 1914 1918~~

This is the second book in the War Letters 1914-1918 series. It is based on the letters of sixteen-year-old Philip Malet de Carteret, a midshipman with the Royal Navy who sailed with HMS Canopus during the First World War. As with all the books in the War Letters 1914-1918 series, the letters are accompanied by extensive notes which add detail, context and colour.

Wilbert's letters themselves only run until March of 1915 when he lost his life in a battle. (This book is one of five books in a series of war letters from 1914-1918.) The letters are so descriptive of the conditions that they faced, especially the constant rain and the knee-deep mud in the trenches in which they had to exist in on a daily basis.

Excerpt from The First World War, 1914-1918, Vol. 1 These records of my personal experiences during the war are a contribution towards the elucidation of the truth so far as I was able to ascertain it at the time, and will, I hope, enable many to understand, better the events of these memorable years. A certain amount has been omitted on the recommendation of eminent counsel, and some names have also been left out, but for the rest the entries in my diary have been left substantially as they were written, and are a faithful record of my impressions during this extraordinary and eventful epoch. My grateful thanks are due to some most kind friends for reading the proofs and giving me much valuable advice; to Lady Maude for allowing me to use her late husbands letters to me; and to the writers of other letters for giving me permission to publish them. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic

A history of the First World War told through the letters exchanged by ordinary British soldiers and their families.??Letters from the Trenches reveals how people really thought and felt during the conflict and covers all social classes and groups Ð from officers to conscripts and women at home to conscientious objectors.??Voices within the book include Sergeant John Adams, 9th Royal Irish Fusiliers, who wrote in May 1917:'For the day we get our letter from home is a red Letter day in the history of the soldier out here. It is the only way we can hear what is going on. The slender thread between us and the homeland.'??Private Stanley Goodhead, who served with one of the Manchester Pals battalion, wrote home in 1916: 'I came out of the trenches last night after being in 4 days. You have no idea what 4 days in the trenches means...The whole time I was in I had only about 2 hours sleep and that was in snatches on the firing step. What dugouts there are, are flooded with mud and water up to the knees and the rats hold swimming galas in them...We are literally caked with brown mud and it is in all?our food, tea etc.'??Jacqueline Wadsworth skilfully uses these letters to tell the human story of the First World War Ð what mattered to Britain's servicemen and their feelings about the war; how the conflict changed people; and how life continued on the Home Front.

This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we

know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. To ensure a quality reading experience, this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy-to-read typeface. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

A pathbreaking study of the psychic afflictions of German soldiers returning from the Second World War

This book is based on the wartime recollections of Heathcoat S. Grant, captain of HMS Canopus from 1914–1916. It is published in conjunction with the War Letters 1914–1918 series. For anyone interested in the war at sea during the First World War, Grant provides a highly readable insider's view of the action at Coronel, the Battle of the Falklands and the attempt to force the Dardanelles.

Reginald McKenna has never been the subject of scholarly attention. This was partly due to his own preference for appearing at the periphery of events even when ostensibly at the centre, and the absence of a significant collection of private papers. This new book redresses the neglect of this major statesman and financier partly through the natural advance of historical research, and partly by the discoveries of missing archival material. McKenna's role is now illuminated by his own reflections, and by the correspondence of friends and colleagues, including Asquith, Churchill, Keynes, Baldwin, Bonar Law, MacDonald, and Chamberlain. McKenna's presence at the hub of political life in the first half of the century is now clear: in the radical Liberal governments of 1905–16, where he acted as a lightning conductor for the party; during the war, where he served as the Prime Minister's deputy and the principal voice for restraint in the conduct of the war; and as chairman of the world's largest bank, where until his death in office aged eighty, he prompted progressive policies to deal with the issues of war debt, trade, mass unemployment, and the return to gold.

On the 100th anniversary of the start of the First World War, this is a story that so far has never been told...

Public health officials and organizations around the world remain on high alert because of increasing concerns about the prospect of an influenza pandemic, which many experts believe to be inevitable. Moreover, recent problems with the availability and strain-specificity of vaccine for annual flu epidemics in some countries and the rise of pandemic strains of avian flu in disparate geographic regions have alarmed experts about the world's ability to prevent or contain a human pandemic. The workshop summary, *The Threat of Pandemic Influenza: Are We Ready?* addresses these urgent concerns. The report describes what steps the United States and other countries have taken thus far to prepare for the next outbreak

Read PDF War Letters 1914 1918 Vol 4 From An Officer With The British Territorial Army In Mesopotamia During The First World War War Letters 1914 1918

of "killer flu." It also looks at gaps in readiness, including hospitals' inability to absorb a surge of patients and many nations' incapacity to monitor and detect flu outbreaks. The report points to the need for international agreements to share flu vaccine and antiviral stockpiles to ensure that the 88 percent of nations that cannot manufacture or stockpile these products have access to them. It chronicles the toll of the H5N1 strain of avian flu currently circulating among poultry in many parts of Asia, which now accounts for the culling of millions of birds and the death of at least 50 persons. And it compares the costs of preparations with the costs of illness and death that could arise during an outbreak.

In the fourth year of the Great War, the growing military, political, social and economic costs hit all existing belligerents while as yet uncommitted states joined the global conflict. 1917: Beyond the Western Front amply illustrates the crucial significance of this pivotal year.
